Profile

Frontend Developer with **2+ years of frontend development experience** (including internship and professional role), specializing in **React.js** and modern JavaScript. Experienced in building **responsive, scalable, and user-centric web applications** using **React, JavaScript (ES6+), HTML5, and CSS3**. Strong foundation in Computer Science with a passion for **clean code, UI performance optimization, and reusable component architecture**. Proven ability to collaborate effectively within **cross-functional agile teams** to deliver high-quality frontend solutions.

Experience

ANALYST (FRONTEND / REACT DEVELOPER)
Capgemini | June 2024 – Present

· Developed and maintained **scalable frontend modules** aligned with client requirements, contributing to **on-time delivery of multiple production features**.
· Worked closely with **frontend, backend, QA, and product teams** to implement efficient UI solutions, improving development turnaround time by **~20%**.
· Participated in **code reviews, unit testing, and integration testing**, reducing post-release UI defects by **~25%**.
· Debugged and resolved UI and integration issues, improving **application stability, performance, and user experience** across environments.

FRONTEND DEVELOPER INTERN
SD123 Technology Solution LLP | February 2024 – June 2024

· Designed and implemented **responsive, user-friendly web interfaces**, ensuring cross-device and cross-browser compatibility.
· Built **reusable React components** following modern frontend best practices, improving code maintainability and development efficiency.
· Enhanced **UI/UX consistency and interaction flows**, reducing user friction and improving overall usability.
· Collaborated with developers and designers to translate requirements into **high-quality frontend features**.

Education

BACHELOR OF TECHNOLOGY (COMPUTER SCIENCE)
Presidency University, Bangalore, India | August 2023

INTERMEDIATE
Chaitanya College, Kurnool, India | September 2019

Skills & Abilities

- React.js, Next.js, React Native
- SQL / MongoDB
- CI/CD Pipelines (Continuous Integration/Deployment)
- State Management (Redux)

- JavaScript, Node.js, TypeScript
- UI/UX, HTML, CSS, Python
- Version Control (Git)
- Testing & Debugging (Playwright)
- Responsive Web Design

Certifications

- Web development using MERN stack,
- Playwright Automation
- App development using React Native
- Python Master
- Spring Boot certification.
